

Giant Tiger Canada Coupon Policy

Thank you for taking the time to e-mail us. Please note that if it is a valid manufacturers' coupon with the manufacturer's information available (i.e includes instructions to retailers, barcode, expiry date etc), we do accept Internet coupons. As for your second question our system is not currently linked to the item and Manufacturer's coupons are treated as tender. For this reason, the full amount of the coupon would be applied.

Your interest in Giant Tiger is appreciated.

Subject: please help

To whom it may concern,

I have been having problems using coupons at your stores and I just wanted to know if you had a coupon policy that you could email to me. If not, I just have a few questions.

- Do your stores accept internet printed coupons?
- Does the term "one coupon per purchase mean one coupon per item purchased?"
- If a coupon value is higher than the cost of an item, should the cashier adjust the value of the coupon to the sale price, or accept the coupon at the full coupon value?

Thank you very much for your time!
